Refresher: Our Idea

- Meetup application
- Organize activities/join others in your area
- Pull additional events from APIs
Our App
Results

- Survey of 4 users

2. Have you used a similar application and/or website like Hangout?

5. Do you have any suggestions for our app?

Text Response

Zoom out more on the map. Click on an event on the map to go to the list. Show address on in the list

Most of events are not relevant to me
Challenges

- Could not use the OrgSync API (WPI events)
- Eventful API
  - Custom implementation
Future Work

- Chat
- More complete events
- User profile
- Filter events by event type, date
- Facebook/Google login
- Performance optimizations
- More robust server
- Other event APIs
