IQP Topics

- General Topics:
 - Library Game Collection
 - Player Studies

Library Game Collection

- Since 2005, Bertrand Library has had a special collection of games and game-related materials.
- Established by an IQP
- Hundreds of items in the collection

Library Game Collection - 2

- Goal of next year's IQP:
 - Build the collection
 - Establish procedures for preserving materials
 - Establish procedures for using the collection
- Co-advised by Rodney Obein, Library

Player Studies

- General goal: do careful studies of how players actually play games
- Previous projects:
 - Usefulness of game tutorials (2005)
 - Advantages of different game controllers

Player Studies - 2

- Project for next year:
 - To be selected by the students and faculty members
 - My preference: study how players learn to play a game.
- Co-advised by Prof. James Doyle, SSPS

MQP Topics

- Silicon Valley Project Center
 - C-Term each year
 - Potential IMGD projects with eBay and NVIDIA, possibly other companies
 - Current sophomores: Apply during B-Term 2008
 - Current juniors: Deadline past, but there may be a few additional places.
