# Second Life

## 1. Extend SL with new interfaces

- Wii controller – tennis game in SL
- TactaVest – feel the bump
- Co-supervisor: Rob Lindeman

## 2. Automated Camera Control

- Incorporate ideas from film, have a camera avoid obstacles

## 3. Game Design in SL

- Serious games – take a historical event, recreate it. User goes around collecting clues/objects, observing events and discussing with other users to make sense of what happened and why
- Co-supervisor: Jeffrey Forgeng
