

**Bob Mason**  
*Managing Partner*  
*Argon Ventures*

Bob Mason is a Managing Partner at Argon Ventures, leading seed stage investments in Boston with a mission to amplify founders energy to launch cutting-edge technologies and build impactful, global businesses. He has been a Managing Partner at Project 11 Ventures and was previously part of the Techstars Boston team. His portfolio includes over 50 startups and access to a network of hundreds of founders. Before his career as an investor, Bob helped found and build industry-shifting products and businesses for two highly successful public companies: ATG, a leading e-commerce and personalization platform, and Brightcove, the market-leading online video platform for enterprise and premium media. In both roles he provided engineering and product leadership in support of the companies' vision and strategy.
